Thai Whisky Taster Set

Thai spirits

Mekhong is Thailand's first domestically produced branded golden spirit. It is also known as "The Spirit of Thailand"

SangSom is a rum from Thailand, distilled from sugarcane. It was introduced in November 1977 and has since become a dominant brand in the Thai spirits market. It is aged in charred oak barrels for five years before bottling.

Regency, The grape mix wine used in the beginning stages of making Regency brandy eventually evolved into the distilled spirit. The color is called "White Malacca" and it's a bluish-green with yellow undertones.

Hong Thong (translated as 'golden phoenix') Like the other 'whiskies' Sangsom and Mekhong, Hong Tong is also made largely from molasses, which is no surprise really considering how easily sugar cane grows in Thailand.

Ror For 158, a Thai-style blended whisky for a mass drinkers who seek for a superior quality blended whisky.
